Undermuslin AT A DOLLAR

Think how unnecessary and unreasonable it is to make muslin and petticoats and drawers and you can buy them at a price like this. Lace and embroidered muslin garments of good material—and for only one dollar!

PETTICOATS—Long white ones, trimmed with cotton, Chiffon, Val, and embroideries. Some have wide flounces of openwork embroidery—others, two flounces; all have under-lays and dust ruffles.

GOWNS—In the allover, high and low neck styles, high-collared, embroidered and Val lace trimmed. You'll find some good muslin gowns in this lot, too—all cut long, full width.

DRAWERS of white nain-sook, regulation and circular styles, with fine embroidery, Val, and Torchon lace. Beautifully made; good values.

COMBINATION SUITS—Perfectly made and daintily trimmed. Skirt and drawers combined. Splendid values.

CORSET COVERS—In a wonderful variety. Trimmings of Val, linen Torchon, embroidery, medallions, etc. Good materials.

\$1.00 A PAIR

price. And then when you see wide and 2 1/2 yards. These are in Arabian or plain centers with scroll

NEBRASKA FREEZES.

Fruit Crop Utterly Destroyed.

Hail, Rain and Windstorms Ravage Central and Southern States.

Immense Stones Penetrate Roofs and Knock Down Live Stock.

Every Railroad Entering Memphis Has One or More Washouts.

(BY DIRECT WIRE TO THE TIMES.)

MAHA, April 15.—[Exclusive Dispatch.] Freezing weather is general over Nebraska tonight. There was a fall of 2 deg. per hour in temperature after 9 o'clock this afternoon. At 10 o'clock tonight the thermometer here registered 2 deg. below freezing. Reports from Western Iowa and all through Nebraska show temperatures ranging from 2 to 4 deg. below freezing. West Point reporting 24 above zero. All early vegetables are cut down and orchard men state that the fruit crop is totally destroyed. The season has been two or three weeks earlier than usual, and fruit trees of all kinds have been in full bloom for the past week or ten days.

ST. LOUIS, April 15.—[Exclusive Dispatch.] Unprecedented rain, hail and wind storms swept over part of the Central States and most of the South Central States, yesterday and last night. Tennessee, Alabama, Mississippi and Arkansas were visited with five, and in some places, six inches of rain, accompanied by hail stones of immense size. Wind and lightning accompanied the storm. In Illinois, the storm struck in half a dozen places, the worst being reported at Belleville, where the wind did great damage and at Hillsboro, where hail stones penetrated shingle roofs and knocked down unprotected stock. Several persons were badly injured.

HAPPY MAN.

CAVALIERI CABLES "YES" TO CHANLER.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, April 15.—[Exclusive Dispatch.] The happiest man in New York tonight was Robert Winthrop Chanler, who, at 6 o'clock, received a telegram from Mrs. Lina Cavallieri, announcing that on her return to this country in the autumn she would marry the artist and ex-Sheriff of Dutchess county.

Lina Cavallieri, previous to leaving this country, expressed her views on the subject of matrimony and as regards Mr. Chanler's proposal to her, in particular. She said:

"I have never married, nor have I derived from observation any such kind ideas as have been attributed to me. It is perfectly true that I am thinking of marrying. I am tired, sick at heart. My soul demands something it has never had. I have known the blighting pinch of penury and the poignant ache of hunger. I have known the excitement of wild expense and brilliant, high living. I have never known peace.

"Perhaps I shall find it in marriage. Generally speaking, I want to marry. Robert Chanler has asked me. So has Prince Dolgoukoff, who is now in St. Petersburg. Both offer opportunities upon which it is my duty to myself to reflect.

GOOD STOCK.

PRISON BARD IS WELL RELATED IN ENGLAND.

(BY DIRECT WIRE TO THE TIMES.)

LONDON, April 15.—[Exclusive Dispatch.] The young Englishman who passes as John Carter and who while serving a ten-year sentence in the Minnesota penitentiary, has managed to sell several poems to American magazines, and to so far impress the editors as to interest them in securing his release, is, according to his lawyer, Cyril Thomas, well connected here.

He is a member of a good English family, Mr. Thomas says, but refuses to divulge his real name, while admitting that Carter is merely assumed.

The lawyer told the correspondent of the Los Angeles Times that the young man had been brought up by a wealthy relative, that he received an excellent education, and that he de-

FIFTEEN DIE IN LANDSLIP.

Over Score of Railroad Workers Overwhelmed by Tons of Earth.

(ASSOCIATED PRESS NIGHT REPORT.)

ST. ALPHONSE (Que.), April 15.—An immense landslide, started by a blast of dynamite, today carried a score of men down the side of a steep hill and buried the construction camp of the Haha Bay Railroad under tons of earth and rock. Not a workman in the camp escaped and almost every one in the working gang on the hill was injured.

Up to a late hour a rescue party had taken out eight dead, including Ladislav Gagne of St. Joseph, Que., chief engineer in charge of the work; his assistants, William O'Brien and Joseph Jennings of Toronto. Seven others are missing.

Missouri was the seat of local rain storms, and escaped without any serious damage to property or stock.

CYCLONIC IN SOUTH.

In the southern States, in some instances, the wind reached the velocity of a cyclone and at Commo, Meri-gold and Jonesboro, Miss., and in several towns in West Tennessee, houses were blown down, many unroofed and others lifted from their foundations and moved some distance away. In the country districts there are reports that many barns and out-houses have been demolished and near Johnsonville one more was blown down and an aged man was caught in the mass and killed.

Every railroad entering Memphis had one or more washouts during the night and schedules have been disturbed to such an extent that some trains are from nine to fifteen hours overdue. The Southern, between here and Tulsa, was the worst sufferer, but the Mobile and Ohio and Illinois Central have many miles of track from three to six feet under water.

UNTOLD DAMAGE DONE.

Much young corn has been drowned out and thousands of acres of cotton trampled. The great truck regions, which are just beginning to market their vegetables and fruits, have suffered untold damage. This is especially the case in West Tennessee and Mississippi.

A storm is reported as coming from the South and West and will be a bad condition. The one really passing phase of the information concerning his plans now available is that it is commonly understood here that the monetary question will go over until a special session to be called in the spring of 1911 and that, of course, will be after Mr. Aldrich's retirement.

It is known that there is almost no hope of disposing of the financial reform bill in the short session, and it is not even believed that the campaign of a new session with Mr. Aldrich in the monetary commission under him is vigorously pushing for the central bank of issue, will have been completed by the expiration of the life of this Congress next March.

It is certain that many Democrats are irrevocably opposed to anything like a central bank, and in the Senate, an attempt to talk the bill to death if entered into by only a few members of certain of success when the end of Congress comes inevitably on March 4.

DROWNS UNDER AUTOMOBILE.

Machine Backs Off Bridge and Woman Suffocates in Two Feet of Water.

Others Escape.

(ASSOCIATED PRESS NIGHT REPORT.)

TACOMA, April 15.—Margaret Brennan, a nurse, 22 years old, whose home is at Cle Elum, was drowned in two feet of water in Muck Creek, nineteen miles from Tacoma, this afternoon, plied under an automobile.

In company with two other nurses, Mary A. Ryan and Sarah McBride, Miss Brennan had gone for an automobile ride. In attempting to back the car, while on a bridge, the clutch went into the creek and the automobile went into the water.

Miss Brennan was caught under the car, her right foot pinned between the submerged log and the automobile arm rest.

OSCAR, April 15.—[Exclusive Dispatch.] Ex-Senator Bard, who is ill at his country home at Hueneme, rested easily today and gained strength. He is expected to leave the following bulletin late tonight.

Ex-Senator Bard is showing improvement; his heart is slowing down and his pulse is becoming more regular. He stands a very good chance to recover, but must always be on guard for heart trouble.

Cyril Thomas, who is a member of

(Continued on Fourth Page.)

ALDRICH RETIRE.

Rhode Islander to Leave Senate.

Prepares to End Congressional Career at End of This Term.

Physician Warns Him Move Is Necessary Because of Poor Health.

May Be Unable to See End of Monetary Reform He's Working for.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, April 15.—[Exclusive Dispatch.] Information has been received here that Senator Nelson W. Aldrich of Rhode Island has not only decided definitely to retire from the Senate at the expiration of his present term on March 4, but in preparation for that event will shortly retire from all his committees except, possibly, that on finance, in order to devote the remainder of his time in the Senate to the work of the monetary commission, of which he is the head.

Consideration of his health is assigned as the reason for this determination on the part of Mr. Aldrich. He has not been enjoying his usual good health since winter and it is understood his physician has advised him that unless he gives up his Senatorial labors by next spring at the latest, he "will have a very disagreeable old age."

It is known that the Senator has been feeling the strain of his Congressional work for some time. There was some talk during the fight over the tariff bill that Aldrich meant to make that law the last great work of his life, and it is understood his interest in the question of monetary reform was so keen and the work he had put on it so great that the opinion finally came to be pretty well established that he is under long enough to see his ideas on the subject submitted to Congress for action.

WORK UNCOMPLETED.

The fulfillment of his present intention means that the monetary reform work before it is completed, and leave the direction of the legislative efforts to some one else.

All this will be vastly interesting and exciting to the Republican insurgents, not only those in the Senate and House, but all over the country, where Senator Aldrich has been linked with Speaker Cannon as one of the great issues.

The news that Senator Aldrich has definitely decided to retire to his determination to retire from the Senate aroused great interest among those of his associates with whom the information was discussed this evening.

Over a month ago there was a vague report here that Mr. Aldrich's health was seriously undermined, but, at that time, no confirmation of the report was obtainable, and his colleagues seemed to proceed on the assurance that his guiding hand would be over them indefinitely.

The one really passing phase of the information concerning his plans now available is that it is commonly understood here that the monetary question will go over until a special session to be called in the spring of 1911 and that, of course, will be after Mr. Aldrich's retirement.

It is known that there is almost no hope of disposing of the financial reform bill in the short session, and it is not even believed that the campaign of a new session with Mr. Aldrich in the monetary commission under him is vigorously pushing for the central bank of issue, will have been completed by the expiration of the life of this Congress next March.

LOUIS GUILBERT, VICTIM OF BUNCO MEN, DISAPPEARS.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, April 15.—[Exclusive Dispatch.] Where is Louis Guilbert, the Ellensburg farmer, who was swindled out of \$10,000 by a bunch of protected bunco men in a fake poolroom on Market street, in this city, and was then hustled out of town by the swindlers, who framed a sham police raid to frighten him into a fight?

Guilbert left Los Angeles on Tuesday evening with a letter from the Los Angeles police department to Chief of Police Martin of this city, but he was not on board the Owl when the valley special rolled into the Southern Pacific depot at the Oakland mole.

Chief of Police Martin and his captain of detectives, Eugene Wall, declare that they have no official knowledge that Guilbert was victimized by bunco men in this city. They say they have not received any word from the Los Angeles authorities at all, and that their only knowledge of the crime was gleaned from the reading of the story in the newspaper.

They are of the opinion that the publication of the matter made it possible for the bunco men to intercept their victim on the way here, and induce him to leave the train before reaching the scene of the crime.

Wall said this morning: "Everybody knows that it is a common thing among bunco men to give back a portion of the money to any victim who makes enough noise. All chance that we might ever have had to pick up these men, who introduced themselves to Guilbert as 'Lane' and 'McGuire,' was destroyed when publicity was given to the fact that the victim was on his way back to lodge complaint with us. The bunco men simply met their victim up the road and induced him, by their own peculiar methods, to change his mind about coming here."

The Chief of Police and his captain of detectives do not appear to be greatly interested in the losses of the Ellensburg farmer, nor in the identity of "Lane" and "McGuire," who, he declared to the Los Angeles police, got his money.

"Like" Golden's protected places are still operating in many parts of the city.

YUKON POLICE SHAKE-UP.

Grandson of ex-President Zachary Taylor, Head of Division, to Be Transferred.

(BY DIRECT WIRE TO THE TIMES.)

TACOMA (Wash.), April 15.—[Exclusive Dispatch.] Dawson telegrams say that a big shake-up is taking place in the Royal Northwest Mounted Police of Yukon Territory.

Major Taylor, assistant commissioner, has been notified that he will be transferred from Dawson to Alberta or Saskatchewan in June, together with one or more captains. Possibly all commissioned officers now in the Yukon region will be transferred.

Yukon heretofore has been an individual division under Maj. Wood, reporting to Ottawa. After he goes it will be subdivided, reporting to Regina.

The total Yukon staff is being reduced from seventy-five to fifty men. The police, however, retain charge of the penitentiary, asylum and other institutions.

Wood came to Yukon during the Klondike rush thirteen years ago. He had charge of Canadian customs collections on Chilkoot and White Passes. He was instrumental in advancing the Canadian boundary frontier then from Lake Bennett to Summit, where the International Boundary Commission finally fixed the permanent line.

Maj. Wood is a grandson of former President Zachary Taylor and son of the famous Confederate naval commander who moved to Canada at the close of the Civil War.

GIRLS SMARTER THAN BOYS.

Educational Statistics for California Seem to Bear Out the Statement.

(BY DIRECT WIRE TO THE TIMES.)

SACRAMENTO, April 15.—[Exclusive Dispatch.] That California girls are smarter than the California boys is the opinion of State Superintendent of Public Instruction Edward Hyatt.

When they become men and women, the less gentle sex may have a shade the better of the argument, and indeed the figures would seem to bear out such a contention, but in the day of youth, the boys are not in it with their sisters. The State Superintendent gives the statistics in reply to a correspondent.

There were 7314 California boys graduated from the grammar school for the year ending June 30, 1909, while in the same time the girls numbered 8798. There were only 1494 boys graduated from the high schools, while there were 2221 girls.

In higher education, however, the men greatly outnumber the women who graduated from universities and colleges.

SAVES BABY FROM DEATH.

(ASSOCIATED PRESS DAY REPORT.)

PORTLAND (Or.) April 15.—Falling upon a pedestrian who happened to be directly beneath, probably saved H. A. Kunstat from death, when he accidentally pitched from a window in the third story of a lodging-house here yesterday, B. R. Kunstat, the husband, was knocked down but was not injured. Kunstat's head struck the sidewalk with such force as to render him unconscious. It is expected he will recover.

SWITH SHINGLE.

Father Sets Ablaze Bad Boy Who Carried Caps in Hip.

(ASSOCIATED PRESS DAY REPORT.)

COTTAGE GROVE (Or.) April 15.—[Exclusive Dispatch.] R. L. Bainbridge of this city, was applying a shingle to his 8-year-old son, Heston, in the good old-fashioned way today, when, to his amazement, the boy's clothes began to smoke.

Before the garments could be torn from the lad he was so severely burned that his physician says he will be confined to his bed for several weeks.

Young Heston had just bought fifteen boxes of caps for his toy pistol, all of which were in his hip pocket. Special precautions are being taken to prevent the boy from being poisoned by the powder.

SLOPE BRIEFS.

CLIFTON (Ariz.) April 15.—Clifton and vicinity were visited by an unusual lightning and windstorm last night. Several frame buildings were damaged by a gale and the Methodist Church was wrecked.

Minor's Marriage Annulled.

SAN JOSE, April 15.—Judge Richards today granted the petition of Mrs. Louise Kraft of Palo Alto for the annulment of her marriage to Josephine E. Lane of San Francisco.

The couple were secretly married in this city four months ago, the young man, who is only 15 years of age, having given his age as 21.

Wash Belting 25c Yard

New line of wash belting; white and colors; all the popular widths. A large assortment. Values to 50c. On sale today at 25c a yard.

\$7.45 Tuscan \$6.50

New Tuscan shape, natural color; broad brims. Beautiful lacey braids; fresh, new models for spring and summer wear; our regular low price is \$7.45. On special sale for today at \$6.50.

HOWELLS WANTS DIVORCE.

Former Angeleno Charges Wife With Desertion—Says He Was Cleared in Abandonment Suit.

(BY DIRECT WIRE TO THE TIMES.)

RENO, April 15.—[Exclusive Dispatch.] John Emory Howells has filed a divorce suit in the District Court at Goldfield against his wife, Ethel Lillian Howells. He alleges she deserted him in November, 1909. The complaint sets forth that she, prior to leaving him, destroyed his valuable personal and business papers and burned his wearing apparel and that last month she had him arrested on a charge of abandonment, of which he was acquitted.

They were married in Los Angeles in April, 1908. Howells located in the Southern Nevada mining camp some months ago, and it is understood that his wife will enter an answer and contest the action when summons is served upon her tomorrow in Los Angeles.

There are no children nor community property involved. She was with him some months in Goldfield.

BIG APRICOT BUY.

CANNERS EARLY IN FIELD.

(BY DIRECT WIRE TO THE TIMES.)

WINTERS, April 14.—[Exclusive Dispatch.] Representatives of the California Fruit Canners' Association and the Griffin and Skelley Company have been in this vicinity during the past few days, ascertaining conditions in the orchards and have contracted for several hundred tons of apricots. The contracts require the fruit to run not less than twelve to the pound and be free from fungus. The price agreed on is 120 per ton, delivered on the cars at Winters. This is very early in the season for growers to begin selling. The reason is that the growers here have about the only clean apricots in the State that are good for canning purposes, and the enormous crop makes the growers anxious to make disposition of a portion of their product so that they may be able to handle the remainder to advantage.

Several red apricots have been attracted for in this vicinity also. The price agreed to is seven cents a pound.

SLOPE BRIEFS.

CLIFTON (Ariz.) April 15.—Clifton and vicinity were visited by an unusual lightning and windstorm last night. Several frame buildings were damaged by a gale and the Methodist Church was wrecked.

PARASOLS VALUES TO \$8.50... \$2.00

EVEN HONORS.

DE PALMA TAKES ONE RACE
AND BARNEY WINS ANOTHER.

Fiat and Knox Matched in Two Ten-Mile Races Which Prove Exciting—Darracq Throws Tire Over Motordrome Fence and Nikrent Stops Buick Just in Time to Avoid Turning Turtle.

RALPH DE PALMA and Barney Oldfield met yesterday for the first time in a match race on the Motordrome. Both used sixty-horse-power stock cars. De Palma won the first ten-mile race, and Oldfield the second. The tie was not run off.

The crowd which has waited every day to watch these speed sharks in action gave a real cheer yesterday when, after a slight delay, the red Fiat stock car came snorting out to the boards. Oldfield was at the scratch waiting.

"Is he coming?" asked Oldfield of Starter Fred Wagner, who stood with the green flag upraised.

"Here he comes," shouted a paddock mechanic as De Palma came to the tape.

At Livingston started with Oldfield and De Palma, using the Stoddard-Dayton. For five miles Livingston kept the lead with De Palma second, and the Marmon, which also started, third. Livingston dropped out at the end of the fifth mile, and left the race to the Fiat, Marmon and Oldfield.

DE PALMA LEADS.

Jumping into the lead at the beginning of the sixth mile, De Palma forged ahead with the Fiat sixty, driving a great race, with Oldfield in third place. Two much depended on this race for De Palma to take any chances. He kept as far ahead of Oldfield on the Knox as possible.

Mechanics in the paddock could not explain why Oldfield seemed to be hopelessly defeated. His best mile was turned in 41.5. Kerscher and other timed the six-cylinder car which

been hard to defeat Oldfield in such circumstances.

POLE CAR.

Some one behind in this second race. De Palma drew the pole, but

record for the stock car class for ten miles.

Two mishaps, which might have been serious accidents except for the skill of the drivers, marked the race yesterday. Benny Kerscher, the "Flying Dutchman," almost witnessed his own finish on the curve of the track where Henshaw and the Apperson went out Sunday.

The same relative time that wrecked the Apperson flew from the Darracq, but instead of remaining on the wheel was flipped across the boards and over the Motordrome fence. The flying stock car struck the fence, bounded into the air and landed 100 feet beyond the outer railing.

NEAR DEATH.

Steadying his car, which was moving at eighty miles an hour, Benny shut off his motor and coasted down the boards. For a moment it seemed

that he would turn turtle, but he managed to keep his car on its wheels and coasted down the boards.

THE BIG DAY.
LIKELY WINNERS OF RACES
AT THE MOTORDROME TODAY.

FIRST RACE.
Five miles, stock chassis, class C, division 4; 401-400 cubic inches displacement.
Buick (Nikrent), 60 H. P.: Looks like a winner for the first "forty" stock car which has turned miles in 41.5. Nikrent is driving better and is showing his class by repeated victories. It is legitimate first choice.

Marmon (Harroun), 40 H. P.: One of the most consistent cars on the opening days. Almost certain to place. Chalmers-Detroit (Frey), 40 H. P.: Unfortunately in race yesterday. Values to show speed of the Marmon. May be good for third place.

Marmon (Wade), 30 H. P.: Is outclassed.

SECOND RACE.
Ten miles, stock chassis, class C, division 4; 401-400 cubic inches displacement.
Knox (Oldfield), 60 H. P.: Should have a walkaway in this race. Has shown more speed than any other car in class. It is in line to defeat De Palma again in this race.

Fiat (De Palma), 60 H. P.: Good second choice and has once defeated the Knox. May be driven into first honors.

Stoddard-Dayton (Livingston), 60 H. P.: Has speed enough to win but Livingston has no chance against Oldfield and De Palma.

Great Western (Deseran), 40 H. P.: Outclassed.

Match race for purse of \$2500, best two of three heats, five miles.
Hens (Oldfield), 300 H. P.: Holds track record of 3.22 for mile. Has shown more speed than any other car on the course. Oldfield should win this race. He appears to be a better driver than the Fiat.

Fiat (De Palma), 190 H. P.: Has done a mile in 37.5. Almost as fast as the Hens. New pistons were placed in the car last night and engine may be stiff.

THIRD RACE.
Substitute five miles in case De Palma fails to start. Purses to be cut to \$1500.
Hens (Oldfield), 300 H. P.: Again first choice in this match. Has never been raced against Simplex but Oldfield is the greatest track driver in the world and has the best car, and barring the trouble or accidents should win.

Simplex (Robertson), 120 H. P.: Speed enough to defeat Hens on Motordrome course where big car cannot be let out to limit, but Robertson is just out of a sick bed and is in no condition for a hard race.

FOURTH RACE.
Two-hour race, free-for-all, stock chassis, class E.
Marmon (Harroun), 40 H. P.: Looks like a winner in this race, which is one of the hardest to forecast, as some faster cars are entered against the Marmon. From past performances, however, the Marmon should win.

Palmer-Singer (Lescuit), 45 H. P.: One of the great long-distance cars entered against the Marmon. But is a harder car to get a line on. Has also the same staying qualities of the "Yellow Peril." Strong second choice.

Fiat (Brugg), 90 H. P.: One of the great stock cars on earth, but has never been tried out at more than ten miles. Race seems too long for this car, which a piston was replaced yesterday morning. A hard car to bet against, however.

Fiat (De Palma), 60 H. P.: Has speed enough to win and may place. Has beaten the Marmon in shorter contests but has never appeared in a distance race.

Stoddard-Dayton (Livingston), 60 H. P.: Has speed enough to win, but car has been erratic for past few days.

Dorrie (Bierfeld), 40 H. P.: Seems to be outclassed. Will keep running though.

Fiat (Wade), 30 H. P.: Too small to place in this event. Is a filler.

Great Western (Deseran), 40 H. P.: Should be one of the also rans.

Barney Oldfield may start in this race at the last moment. If he does, look out.

Palma fails to start. Purses to be cut to \$1500.
Hens (Oldfield), 300 H. P.: Again first choice in this match. Has never been raced against Simplex but Oldfield is the greatest track driver in the world and has the best car, and barring the trouble or accidents should win.

Simplex (Robertson), 120 H. P.: Speed enough to defeat Hens on Motordrome course where big car cannot be let out to limit, but Robertson is just out of a sick bed and is in no condition for a hard race.

FOURTH RACE.
Two-hour race, free-for-all, stock chassis, class E.
Marmon (Harroun), 40 H. P.: Looks like a winner in this race, which is one of the hardest to forecast, as some faster cars are entered against the Marmon. From past performances, however, the Marmon should win.

Palmer-Singer (Lescuit), 45 H. P.: One of the great long-distance cars entered against the Marmon. But is a harder car to get a line on. Has also the same staying qualities of the "Yellow Peril." Strong second choice.

Fiat (Brugg), 90 H. P.: One of the great stock cars on earth, but has never been tried out at more than ten miles. Race seems too long for this car, which a piston was replaced yesterday morning. A hard car to bet against, however.

Fiat (De Palma), 60 H. P.: Has speed enough to win and may place. Has beaten the Marmon in shorter contests but has never appeared in a distance race.

Stoddard-Dayton (Livingston), 60 H. P.: Has speed enough to win, but car has been erratic for past few days.

Dorrie (Bierfeld), 40 H. P.: Seems to be outclassed. Will keep running though.

Fiat (Wade), 30 H. P.: Too small to place in this event. Is a filler.

Great Western (Deseran), 40 H. P.: Should be one of the also rans.

Barney Oldfield may start in this race at the last moment. If he does, look out.

Palma fails to start. Purses to be cut to \$1500.
Hens (Oldfield), 300 H. P.: Again first choice in this match. Has never been raced against Simplex but Oldfield is the greatest track driver in the world and has the best car, and barring the trouble or accidents should win.

Simplex (Robertson), 120 H. P.: Speed enough to defeat Hens on Motordrome course where big car cannot be let out to limit, but Robertson is just out of a sick bed and is in no condition for a hard race.

Oldfield and De Palma at the Motordrome; yesterday, tuning up their cars for races on the track. In the center "Tony," De Palma's mechanic, is shown leaning over the car and holding open the throttle, which had broken.

was following along behind the Marmon. They knew the Knox had done miles in 42.

Barney did his best, but drive as he would the red streak in the lead kept opening up space between it and the Knox. De Palma was in his glory. He was leading Oldfield and the crowd was cheering for the winner of the fast stock car race. It was a battle of giants, with the Italian in the lead.

For miles after mile the Fiat galloped, and Barney drove with his throttle wide open. De Palma finished well in the lead, and Oldfield just noosed out the Marmon for second place. When he rolled into the paddock and was about to stop the car he saw that the emergency brake was half set.

HIS BIG MISTAKE.

Merkel of the New York Giants did not make a greater mistake when he forgot to touch second base in the big game, than did Barney Oldfield yesterday when he started with De Palma. The Knox left the paddock with the emergency brake about half on, and Barney drove the ten miles that way.

Ralph De Palma showed he is a great driver as he refused to take any chances even while the Knox was apparently leading alone in the rear. He won handsily with Barney second, but the crowd knew the Knox was not showing its best speed as Barney did not do a mile better than 41.5.

De Palma's time for the ten miles was 33.25, a new world record for the stock car class.

When Oldfield finished the brakes were smoking as the inner lining of the brake shoes had been scorched. Barney did not know what had happened until he started to stop up for the paddock. Then he saw that his emergency was set.

Chagrined at his defeat, Oldfield did not say a word. He was willing to wait. The crowd saw him at his best as he came to the scratch for the second ten-mile event. It would have

the Darracq must be wrecked. Kerscher is lucky but he will shine more glowingly in the pits than on the boards. He is the best of good fellows on the track but he is not in line for world honors.

Had Benny been able to save his tires yesterday as Oldfield did on the Knox in his race, Kerscher probably would have defeated the Fiat "ninety" and the Fiat "Cyclone." He lost the greatest chance of his life to make good—a chance which may never come to him again.

De Palma in the Fiat "Cyclone" won the ten-mile free-for-all with Caley Braz on the Fiat "ninety" close behind. It was a great race while Kerscher remained as the "Flying Dutchman" led the two class drivers for half of the battle. The time, 7m. 11.62s., is good but does not break a world record for the class.

Joe Nikrent qualified as a driver yesterday, when he held the big Buick "forty" after a steering knuckle had snapped. Nikrent guided the car with the one wheel and held it to the dirt course without turning the machine over. The Buick was running second in the fifty-mile race, with a chance to take first honors.

The fifty was a walkaway for the two Marmon cars, which finished first and second in his class, a pretty performance of two almost perfect cars, but was not exciting as the winner could have been forecasted before the race was twenty miles old. The Marmon "forty," with Ray Harroun at the wheel, won. Time, 23m. 53.5s.

NIKRENT WINS.

Joe Nikrent and the Buick won the ten-mile race in one of the most interesting stock events of the day. The Buick went out to the pole at the start, with Endicott on the Cyle following closely. For ten miles it was nip and tuck, with the Cole almost coming up to even terms several times.

There are no two cars on the track which furnish a more exciting race than the little Buick and the Cole. Nikrent showed he is a heady driver, who profits by experience. His two defeats in the early days of the races have taught him a lesson. He has evened matters with "Burr" Endicott by also winning twice.

Nikrent broke the world record for ten miles in his class, by following closely. His time of 3m. 53.5s. is the record for this distance in cars of the Buick's class.

The Warren-Detroit was third. Arthur Miller kept the car on the track for the entire race, but the Buick showed more speed and the Warren was outclassed. Both the Warren-Detroit and the Firestone Columbus were in this race.

Speed trials yesterday showed no phenomenal time and no records broken. Barney Oldfield drove the big Benz 2 mile in 37.5s.

GRETA GREEN WINS CLASSIC.

Outsider Takes Handicap at Aqueduct Track.

Racing Resumed at New York With Memory Beta.

Nag Jack Atkin Finishes in the Ruck.

(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, April 15.—J. Schorr's Greta Green, carrying the hoodoo number 12, is a race of thirteen start-ers, romped home an easy winner to-day in the fifteenth running of the Carter handicap, beating James E. Gaffney's Alfred Noble by nearly two lengths. M. L. Schwartz's Far West was third.

The race marked the opening of the racing season in the East, but con-trary to expectations, it was attended by a much smaller crowd than has graced similar occasions in the past. The blight that has fallen on racing since the enactment of the anti-betting laws has kept betters and non-bettors alike away from the track. Nevertheless, there was a sprinkling of book-makers today, and they again took refuge in the subterfuge hit upon last year of making and recording wagers by a nod.

The concourse in front of the grand stand was filled with familiar faces, and although money did not actually change hands, betting odds were evi-dent on all sides. Fancied odds were displayed on racing cards more or less surreptitiously by the layers of odds.

The weather was ideal, and helped to bring out a large feminine con-tingent. Summary: Five furlongs, selling: Pajarito won, Campeon second, W. T. Over-ton third; time 1:00 2-5. Four furlongs: Zeus won, White Wolf second, Agawam third; time 0:48.

Seven furlongs: Hanbury won, Imi-tator second, Lad of Langdon third; time 1:37 1-5. The Carter Handicap, seven fur-longs, \$2500: Greta Green, 104 (Burns) won; Alfred Noble, 111 (Pow-ers) second; Far West, 101 (Gaffney) third; time 1:27. Jack Atkin, Prince Imperial, King Cobalt, Magazine, Jack Parker, Prince Ahmed, Berkeley, Glo-ria, Duke of Ormonde, and Nealon also ran.

Four and a half furlongs: Ladassette won, Charger second, Naughty Lad third; time 0:44 2-5. Six furlongs: Myles O'Connell won, Black Oak second, Captain Swanson third; time 1:14 4-5.

EMERYVILLE RACES.

(ASSOCIATED PRESS NIGHT REPORT.)

There were several upsets at Emery-ville, today, one being the victory of Miles in the feature event. Galvesca stopped badly after racing with En-field. A claim of foul made by Moles-worth on Rey Hindoo was not allowed.

Six furlongs, selling: May Pink, 104 (Selden) won; Phillisina, 108 (Moles-worth) second; Electrowan, 81 (As-terson) third; time 1:14 3-5. Jim Hanna, Copperfield, No Quarter, Elo-dia B., Devalla, Horvics, Salomy Jane, Luxurio and Kethel also ran.

Puturity course, selling: Captain John, 115 (Mentry) won; Hampden, 111 (Rice) second; Burning Bush, 115 (Molesworth) third; time 1:20 4-5. Bliska, Creston, May Sutton, Redondo, Who and Elmdale also ran.

Mile and quarter, selling: Whidden, 101 (Thomas) won; Miss Officious, 94 (Kedler) second; Legatee, 101 (Moles-worth) third; time 2:07 3-5. Aka-ten, Miss Naomi and Nanterito also ran.

Six and one-half furlongs, purse: Miles, 98 (Thomas) won; Rey Hindoo, 119 (Molesworth) second; Enfield, 118 (Rice) third; time 1:30 4-5. Marburg and Galvesca also ran.

Mile, selling: Cadichon, 118 (Ked-ler) won; Dorothy Ledgett, 104 (Sel-den) second; Rush Money, 119 (Men-try) third; time 1:41 3-5. Cigarlighter, Emma G. Coppers, Dr. Downie, Sara-cinews, J. R. Laughrey and Cock-sure also ran.

Five furlongs, purse: Braxton, 112 (Mentry) won; Cant Em, 112 (King) second; Directalia, 119 (Selden) third; time 1:02 1-5. Vespasian, Whisky King, Dahlgren, New Capital, Green Dragon, India Star, Kiemer Vogel, Basel and Billy Saunders also ran.

MEANS BUSINESS.

JEFF WORKS ON HIS BIRTHDAY.

CELEBRATION OF NATAL DAY IS LEFT FOR LATER.

(BY DIRECT WIRE TO THE TIMES.)

Muscular Cramp in Neck Caused by Stiff Jolt to Car by Armstrong Causes Jim to Quit Boxing Until Swelling is Rubbed Out—Telegrams of Congratulation.

(BY DIRECT WIRE TO THE TIMES.)

REN LOMOND, April 15.—Jim Jef-fries was busy today, putting in "the hardest work of his present training season." The afternoon's workout in-cluded boxing, rope skipping, shadow boxing, bag punching and a half hour's tug at the pulley weights.

After this, a handball game with Berger followed, with the second round of the boxing bout with Bob Armstrong. Jeffries rather puzzled the handful of spectators in the gym by suddenly ceasing to spar, after Arm-strong had landed a rather stiff punch on his chin.

For a moment it appeared that the colored heavyweight had dazed the champion, but it developed a few sec-onds later that a muscular cramp in the back of the neck had caught the big boxer so suddenly that he could not continue until the muscles had rubbed the affliction away.

The sparring was resumed, but Jeff did not thoroughly rid himself of the cramp until well into the third round. Berger gave Armstrong instructions after-noon to send his punches in as hard as he could, and obeying or-ders, he landed some smashing blows on his big adversary. When Jeffries came back for vengeance, however, the black refused to stand his ground, and ran like a frightened rabbit. He was just about able to go through the three rounds by dint of an extremely con-servative attitude in the matter of again mixing it with the big fellow.

to keep the full power of his punches up his sleeve. Jeff did not regard the cramps seri-ously. "I turned my head suddenly last Friday, while boxing with Arm-strong," he said, "and the cramp hit me then. The boys will rub it out in a few days and it won't bother me again."

The fighter's wind seemed remark-ably good after his workout which lasted an hour and three-quarters in all. The morning's exercise included a ten-mile drill on the road and a row on the river.

A dozen telegrams from all over the country reached the training camp during the day, all conveying good wishes to the fighter on his birthday. Manager Sam Berger will leave camp for Salinas tomorrow afternoon. He will referee a fight there. Word was re-ceived that Joe Chynski had left Chi-cago this morning and is now on his way to join Jeffries.

JACKSONVILLE RESULTS. JACKSONVILLE (Fla.) April 15.—Race results: Five and a half furlongs: Alronette won, Ruble second, Light Blue third; time, 1:07 2-5. Four furlongs: Lau Mexican won, Renovator second, Sir Kearney third; time, 0:48 4-5.

Owners' consolation, seven furlongs: Miss Marjorie won, Fay O. second, Away third; time, 1:27 4-5. Six furlongs: Be Gone won, Eye White second, Wool Sandals third; time, 1:13 1-5.

Five and a half furlongs: El Oro won, Harold Hall second, Comedienne third; time, 1:07 4-5. Five and a half furlongs: Strike Out won, St. Jeanne second, Lady Ir-ma third; time, 1:07 4-5.

Mile and a sixteenth: Console won, Jack Right second, First Premium third; time, 1:54 4-5.

Picasso Beats Nelson. NEW YORK, April 15.—[Exclusive Dis-patch.] Frank Picato of Los An-geles defeated "Fighting Dick" Nelson in the star bout of ten rounds at the National Sporting Club of America to-night. In only one round did Nelson have an advantage, and that was when he bored into Picato in the sev-enth, swinging rights and lefts to the body and head. Nelson appeared weak at the end.

In only one round did Nelson have an advantage, and that was when he bored into Picato in the sev-enth, swinging rights and lefts to the body and head. Nelson appeared weak at the end.

Trainer Moulton, whose "dope" sel-dom goes wrong, says he sees sixty-five points for Stanford and Cal-ifornia are trained to the minute for their annual struggle on the Stanford Oval tomorrow afternoon. The con-test promises to be the most interest-ing that has ever been held in the West. The students of both univer-sities are equally confident of victory and it is generally believed that the outcome of the meet will depend on the result of the relay race.

One world's record and several Coast records are in danger of being smashed. Capt. Scott of Stanford will endeavor to clear 12 feet, 10 inches in the pole vault and the performers in the high jump, two-mile run, hurdle events, relay race and quarter-mile sprint are particularly regarded as candidates for Coast honors.

GOOD WORDS FOR COAST.

Woman Investigator of Italian Immi-grants Praises Treatment of Poor on Pacific Slope.

(BY DIRECT WIRE TO THE TIMES.) BOSTON, April 15.—[Exclusive Dis-patch.] Miss Amy Bernardy of Bos-ton, who has spent the past four months in Los Angeles and the West as a special commissioner of the Ital-ian government to investigate the fam-ily life of Italian immigrants, returned home yesterday. Her investigation has proven an arduous one, but she reports highly favorable impressions of the conditions she was deputed to study. She will sail on Saturday for Italy to render her report in person.

Miss Bernardy says the Italian im-migrant conditions are much better on the Pacific Coast than she had expect-ed, and that the poor newcomers live far better than they do in the eastern cities. Miss Bernardy called on President Taft in regard to her investigations.

VENICE

Concerts every afternoon and evening by Chiffarelli's Famous Concert Band (30 pieces) on St. Mark Plaza.

The New Venice Bath House is the largest and most complete bathing pavilion in the world. Big free aquatic program every Sunday afternoon and evening.

SEE The Wonderful Amethyst Sea-Moss in full bloom on all the Venice Canals. Prettiest sight you ever saw. Take a ride on the miniature railroad or gondolas and breathe the perfume from these flowers.

Venice Villa City

Clean, complete, cheap and comfortable. Situated in the midst of beautiful flowers and health-giving Eucalypti. The largest and most complete villa city in the world. Sanitation perfect. The Venice Villas constitute a hotel of detached cottages and can be rented by the day, week or month.

SPEND SUNDAY AT VENICE.

Oil Property

"HERE'S YOUR OPPORTUNITY."
Have located a valuable oil property in the Midway district, about 10 miles from Los Angeles, section 4, and wish to incorporate a company. I desire four or five parties to join me on ground floor as directors. Write or call and see me for full particulars. F. W. CLARKE, 1111 Merchants' Trust Bldg.

FOR SALE—OIL, LEASE OF 1/2 ACRES. 10 acres, half of the N. W. 1/4 section 10, Midway district, about 10 miles from Los Angeles. BISHOPS

CHASE BLACK FOOTPAD.
Revolvers and Police Whistles Attract Pursuers and Add Speed to the Pursued.

A fusillade of shots and the shriek of police whistles, last night, sent a would-be highwayman scampering across lots and over fences, with such speed and agility that he escaped handily from his pursuers.

Footman Cornwall was standing in the shadow of Lafayette street, when he noticed two men approaching rapidly along Ducommun street. The man in the lead, who proved to be a Japanese, jumped out into the street to make better headway, and broke into a run. The other man, a large negro, overtook him in two or three jumps, grasping him by the shoulder and calling to him to stop and give up his money. Just as they reached a point opposite where the policeman was standing.

FRANK G. CARPENTER'S miser in The Times Magazine the coming Sunday will describe some of the wonderful facts performed by the stepfather in Burma.

WHAT is being done in providing for the needs of the people in the world?

ENJOY TRIP TO CATALINA.

Visiting Hotel Men Spend a Pleasant Day.

Banquet and Dance Given at Hotel Virginia.

Guests Are Delighted With Unusual Sight.

Dancing to the strains of music, that to the feet was irresistible, ended the greatest day of amusement that the members of the Hotel Men's Mutual Benefit Association have so far participated in. The dancing was at the Hotel Virginia, the dance followed an elaborate banquet, Carleton Gilbert, manager of the hotel, acted as host.

The decorations of the banquet hall were of a peculiar California type. The lobby, grand staircase, and the main entrance were all decorated with flowers and greenery. On each table a fragrant centerpiece of roses graced the scene.

When the Santa Rosa train pulled in from the San Pedro wharf, the Hotel Men's Mutual Benefit Association, the hotel men through Long Beach. The hotel men were a scene of much to be desired. The hotel men were a scene of much to be desired. The hotel men were a scene of much to be desired.

The day at Catalina. It was an ideal day, perfect weather on the trip going and coming. Cameras were snapping to the right and left with the regularity of machine guns on the entire occasion. Did they stop then. On the island they were kept busy every minute.

"Well, surely, I will have things to tell the people of home when I return," remarked one of the hotel men. "I'll wager that when the people hear about these marine gardens, with trees as big as our own, and ocean fish, and silver ones, and ocean tomatoes, and cucumbers, they'll call me a liar, and tell me I'm bragging. I'm sure I'll have things to tell the people of home when I return."

The glass-bottom boat rides were not the only feature of the program. The management of the Hotel Men's Mutual Benefit Association, the hotel men through Long Beach. The hotel men were a scene of much to be desired. The hotel men were a scene of much to be desired. The hotel men were a scene of much to be desired.

While the luncheon was in progress he was introduced to the speakers in the country. He was introduced to the speakers in the country. He was introduced to the speakers in the country. He was introduced to the speakers in the country.

One of the surprises was the introduction of Prof. J. C. Monaghan of the North Dakota University and one of the most noted speakers in the country. His talk was brief and consisted of a few anecdotes well timed.

Prof. James also was one of the speakers. He has been the most business men of the week in helping to entertain the visitors.

Among the delighted travelers were several newspaper men, including the Los Angeles Times, the San Francisco Chronicle, the San Diego Union, and the San Jose Mercury.

The hotel men were a scene of much to be desired. The hotel men were a scene of much to be desired. The hotel men were a scene of much to be desired. The hotel men were a scene of much to be desired.

SATURDAY MORNING

THE POLITICAL WATCH TOWER

Elated with the success of their visit last week to many points in Ventura and Santa Barbara counties, Hon. Phil A. Stanton and party will start next

Tuesday evening on a tour through Imperial Valley. They will go straight through to Calexico and work back, visiting every town of importance. Wednesday and Thursday will be given over wholly to meetings of this famous section.

There is already a strong sentiment favorable to Mr. Stanton's gubernatorial candidacy.

At the Stanton headquarters in the Midway Central building, the work incident to the conduct of his campaign daily grows in volume and enthusiasm. The thoroughness of the organization, the splendid efficiency that has been developed and the enthusiasm

which Southern California in particular is rallying to the Stanton stand, all indicate that the prospects are as bright as his most sanguine supporters could hope for. All signs of localism in connection with Stanton candidacy has vanished; at the same time, Republicans in part of the State are realising fully each day that it will be to their advantage, and to the advantage everybody interested in Southern politics, to have the occupant of the

temptation has been placed in the
usual path of Judge Will M. Conley
Madera, and he is urged to make
race on the Democratic ticket for
governor in the Sixth District against
Congressman Needham of Modesto.

one of the funny stunts pulled off at the recent Democratic conference here in the election of J. J. Petermichael as assistant secretary of the Committee on Resolutions, Pete is best known as the ex-secretary of the Republican county Committee. He wasn't elected in the job with the Democrats on account of his politics, however, but on account of his short and snarling

C. Wheat, Assistant Superintendent of County Schools, nearly fainted yesterday when he learned that it was reported from Sacramento that State Superintendent Hyatt intended to issue an edict that all male teachers in public schools outside of cities in the first class, would be compelled

He will require a month of Sundays for the local Democrats to recover from the "throw down" Thore Bell gave to Chairman Norton, and his lieutenants have been breathing dire vengeance on Thore for his alleged trickery. But they have been wrong.

...the... declare that they...
...Bell's humble slaves. But there
...some folks who are inclined to be

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

PASADENA.
DRAWS GUN ON
POLICEMAN.Burglar Seeks to Help Pal to
Escape Arrest.Fails, and Both Are Caught
After Long Chase.High School Students Join in
Fight for Bonds.

Office of The Times, No. 21 E. Raymond Ave.

PASADENA, April 14.—After holding Detective Joseph Shultz at bay with a drawn revolver, long enough to permit his pal to escape, and himself leading the local authorities a hard chase through the principal streets, David W. Graves, alias Carl McMillan, was finally landed by Shultz, assisted by Officers Charles A. Betts, James J. Shelton and a victim, William Corday, his desperate method to protect his pal was unavailing, for hardly had Graves been locked up than Chief Woods corralled the second man, Roy J. Taylor, on an outstanding bond. Shultz, Pasadena, arrested and placed him in custody.

By these arrests the local police force have cleaned up the mystery surrounding a series of lodging-house burglaries as well as several others that have occurred in Pasadena and Los Angeles recently. After a sweating Graves, has written a confession, in which he admits, over his signature, to the theft and says Taylor was only his lookout. The police have positive evidence that these men are identified with the following crimes:

Stealing, on March 22, of three coats, blue serge suit and suit case, property of James Barndollar, at Pasadena, California, in Los Angeles. Stealing from Edward Corcoran, No. 144 West Green street, a \$100 camera, which was sold in Los Angeles and later recovered by the owner through local police. Robbery, at Park Hotel, North Raymond avenue, to a 25-caliber revolver, about \$10 in gold, gold watch, two gold stick pins, compass, pearl-handled knife, silk necktie, and gold chain, which was sold in Los Angeles and later recovered by the owner through local police.

Aberdeen Hotel, No. 47 West Union street, \$10 in cash.

The Glenwood, No. 94 North Fair Oaks avenue, \$10 in cash.

Besides these, Graves in his confession, is stated by the police to have admitted to burglaries in a Hill street house, Los Angeles. These are thought by the police to have been in their own rooming house, the Adelphi, South Hill street, Los Angeles. Both men assert that they came from Chicago. Graves giving his home as the Gerald building, Los Angeles, at Twenty-first street and Indiana avenue that city.

For upward of half an hour the Pasadena business district was thrown into great excitement about 4 o'clock yesterday afternoon while police and citizens endeavored to run the men down.

Graves, alias McMillan, was charged under two charges, first assault with a deadly weapon upon Detective James Shultz, second burglary. Taylor is charged with burglary.

The identity of the men was ascertained by a number of sources, one of them carried in his pocket. A pawn ticket was also found, showing that one of them had disposed of a gold ring at the Palace Loan Company, No. 247 South Main street, Los Angeles. Last night Chief Woods and Officer Shultz went to Los Angeles to follow up clues.

STUDENTS ENTHUSIASTIC.

The pupils of the High School intend to be aggressive for the passage of the new High School bonds. Yesterday morning in place of the chapel hour the High School Debating Society was given permission to utilize that time for the insurance of a bond issue campaign. So enthusiastic did the assemblage become at times that it was necessary for Principal E. J. Ely to put a quietus upon the session.

A thorough canvass of every voting precinct of the city will be made by organized precinct committees of High School boys.

The appeal of the Board of Education, issued this morning, to the pupils with hearty cooperation by all of the organizations, religious, social and fraternal, and throughout the city the passage of the bonds is being advocated.

Yesterday morning the pupils in the schools were given copies of the appeal, and home to their parents to be filled, thus anticipating the visit of the enumerator. This method has been adopted to save valuable time for the officials in charge of the gathering of the census data.

FENCE TROUBLE.

Asserting that her property extends thirty-five feet out into Colorado street, corner of Hill, in East Pasadena, Mrs. Elizabeth Pittman, a wealthy resident of Pittsburgh, Pa., has been here today, attempted to erect a fence inclosing the land. As she owns a large frontage on Colorado street such a fence would seriously interfere with traffic there. The trouble is said to have originated six years ago when Colorado street was widened to the point and she among others refused to give a deed for the land necessary.

The city will call for a halt on the fence building.

Robert J. Pittman, Jr., son of Mrs. Pittman, stated yesterday afternoon that he knew nothing of the affair, but would investigate and assured those inquiring that the matter would be adjusted without delay.

ANTE-NUPTIAL DINNER.

Mr. and Mrs. Herbert Neustadt entertained yesterday evening at their Altadena home with an elaborately appointed dinner given for Miss Madeline Winthrop Barnes and her fiancé, Arthur Eliot Childs of Riverside, whose engagement was recently announced. Novel table decorations were the centerpiece showing a miniature ranch house within an orange grove. Small orange tree favors were at each place. The place cards were decorated with sprays of orange blossoms, the whole being suggestive of the fact that the young couple will make their home upon an orange ranch. Guests included Mr. and Mrs. William E. Grant, Misses Marjorie Bolt, Irene Gross, Mrs. Austin, Messrs. George Walden, Richard Barnes and DeWitt Lacey.

Miss Marjorie Sinclair of South Orange Grove avenue was the hostess yesterday at a prettily appointed butterfly luncheon given in honor of Miss Grace Rowley of Los Angeles, who will marry Thomas C. Hildway early in June. Through the center of the table was a low mound of garden pinkies over which hovered gay butterflies and the butterfly motif was carried out in all the decorations. Covers were laid for Mrs. John Vischer Eliot, Misses Rowley, Cordelia Strimling, Elizabeth Spear, Ethel Hinds, Cora Auten, Irene and Florence Gross, Marjorie Bolt, Edith Rowland, Florence Clark of Los Angeles.

Mrs. Thomas C. Marlowe of South

Euclid avenue gave a small bridge luncheon yesterday. Covers were laid for Mrs. George Collis, Henry C. Sick, Charles Ward, Herman Reamer, Hamilton Bauer, J. B. Coulston and Miss Rachel Ayers of Fresno.

Mrs. Theodore Ayers of Buena Vista street has issued invitations for a bridge party Friday afternoon, April 15.

JUNIOR DANCE.

The junior society set enjoyed a dance at the Valley Hunt Clubhouse yesterday afternoon, and several figures of the cotillion were danced. The affair was the first of the local dancing school season. Refreshments were served in the dining-room. Miss Emily Hubbard presided at the table, and other assisting were Mrs. Mmes. Albert Sherman Hoyt, Walter S. Watkins, Thaddeus Lowe, William R. Hinder, George E. Hale and Charles Hubbard.

PASADENA BREVITIES.

In nearly all the pulpits of the evangelical churches of Pasadena Sunday morning the work of the Humane Society will be expounded by the pastors.

This afternoon will see the third polo game in Pasadena this season played at Tournament Park between the local team and the strong Southwestern quartette of Los Angeles.

George LaMont, formerly a prominent business man of Seattle and Tacoma, Wash., but resident in Pasadena for the past four years, died at his home, No. 422 Madison street, Thursday. He was well known among the real estate men.

The Times branch office, South Raymond street, was hit by a fire yesterday with telephone inquiries as to the whereabouts of the fire that occurred at a home, No. 422 Madison street, Pasadena, and the fire that occurred at the home of the same name in Los Angeles.

The fire was caused by a gas leak. The fire was caused by a gas leak. The fire was caused by a gas leak.

WORK ACTIVELY FOR THE BONDS.

SAN PEDRO CITIZENS CONDUCT STRONG CAMPAIGN.

Several Thousand Post Cards Are Mailed to Voters Urging Them to Go to the Polls Early—Open Air Meeting Will Be Held Tonight. Valuable Lumber Cargo Received.

SAN PEDRO, April 14.—San Pedro citizens are conducting an active campaign in favor of the municipal power and harbor bonds proposed to be voted next Tuesday. Several thousand post cards are being mailed to the committee and individuals from this end to friends in Los Angeles urging them to support the bonds. The cards read:

Greater Los Angeles, April 14, 1910.

I want to call your attention to a favor which you are in a position to extend to your city.

All of us are vitally interested in the success of the bonds, and we are all of us in a position to do something to help them.

What we need now is that you go to the polls and vote for the bonds.

What we need now is that you go to the polls and vote for the bonds.

What we need now is that you go to the polls and vote for the bonds.

CLASH OCCURS
OVER POSITION.CIVIL SERVICE COMMISSION, AND
COUNCIL QUARREL.

Office of Chief of Detectives is the Bone of Contention—Man Badly Cut During Fracas in Grading Camp—Widely Known "Dry Farming" Expert Dies of Old Age.

LONG BEACH, April 15.—There is a clash between the City Council, City Attorney and Civil Service Commission, over Clayton McCord, erstwhile captain of police, and a contentious chief of detectives as to whether he will be permitted to draw any more money from the treasurer as a policeman. The Civil Service Commission says he cannot, the attorney says he can, and the Council, which passed the ordinance that caused the trouble, is relying on its authority under the charter to pass ordinances.

When the new charter went into effect two years ago, and civil service became operative in the police department, four men were being considered for appointment without examination by reason of long service. Capt. McCord, a new man, was eligible as a probationer, but he was elected captain of police, and as such certified to the commission, but not as a patrolman. Recently the Council passed an ordinance abolishing the office of police captain, but provided that the office of detective be created at a salary of \$100 a month, and that patrolmen may be appointed to that post at the will of the chief. Now the Civil Service Commission says that as McCord had standing as a patrolman, the abolition of his office would deprive him of the position of detective which he is now filling. It has been decided to allow no warrants for his services after April 15. The City Attorney holds that McCord, as captain, was a member of the police force and had obtained permanency by his work and that though not a captain he is a policeman, and entitled to be a detective. The agreement with the commission will at once notify the police commission that he can pay \$150 children's and miss' white kid oxford shoes, low heels, \$1.45

RAILROADS ON THE DEFENSIVE

Must Show Cause for Discrimination in Rates.

Railroad Commission Refuses to Dismiss Case.

Hearing Is Now Adjourned to San Francisco.

The State Railroad Commissioners yesterday afternoon very abruptly denied the motion of Attorney Durbrow for the Southern Pacific Railroad to have the San Joaquin rate case dismissed. They informed him that they did not even care to hear his arguments for that motion. They had just heard a score of prominent manufacturers and jobbers in Los Angeles testify that they were practically excluded from the San Joaquin Valley by freight rate discrimination in favor of San Francisco. The railroads will have to defend those rates if they can.

The hearing was adjourned at the conclusion of the evidence for Los Angeles, to be resumed at Stockton on June 2. Stockton will present evidence as an intervenor and the commission will then journey on to San Francisco to hear the testimony of the San Francisco merchants and the defense of the railroads. After that the case will be concluded in Los Angeles with an opportunity here for rebuttal of the defense.

In spite of Attorney Durbrow's attempt to belittle the case of Los Angeles by a motion for dismissal, the evidence piled up to show discrimination against Los Angeles was extremely convincing and the railroad commissioners showed a disposition to consider it very seriously. Edward Chambers, assistant freight traffic manager of the Santa Fe, one of the last witnesses for the complaints, told the whole story of the unequal fight Los Angeles has been making for a fair share of business in the San Joaquin Valley. He told of preparing in 1907 a new schedule of freight rates, in conference with W. A. Jones of the Southern Pacific Company, and transmitting them to the Los Angeles office. "I then went East," he said, "and while in New York received a number of telegrams from the San Francisco Chamber of Commerce, Board of Trade and other organizations. The general tenor of these telegrams was a request to withhold the schedule of rates until the San Francisco merchants should have a chance to present their objections to the schedule. The agents of the Santa Fe to withhold those figures."

From that time forward Los Angeles jobbers have sought in vain to secure an equalization of rates. William Kraemer of the Los Angeles Brewing Company introduced a letter from Freight Agent Francisco of the Santa Fe, which closely followed T. A. Graham's "Don't Worry" advice. He said there was likely to be some delay in procuring an equitable rate, but he felt he could assure the brewers of a rate that would be satisfactory as soon as an adjustment could be made. Mr. Kraemer testified that he had been obliged to give up all business north of Bakersfield because of a rate on beer which favored the San Francisco brewers. San Francisco enjoys the same rate into Bakersfield, although it is nearer Los Angeles. The beer question occupied further attention when Attorney Durbrow attempted to make light of the case by asking Traffic Manager Grogan for the Los Angeles jobbers whether beer was a necessary luxury. "In the San Joaquin Valley," replied Mr. Grogan, "it is a necessity. I used to think it was myself, but at present it's a luxury I do not use."

Attorney Durbrow then attempted to bully the witness by asking him to "Do you appear here as an expert traffic witness or as a layman?" he asked.

"There are a good many definitions of an expert witness," replied Mr. Grogan.

"What I want to know," continued the attorney, "is whether you consider yourself an expert traffic man, or not?"

Mr. Grogan came to attention with a jerk. "I claim," he said deliberately, "that there is no man in Southern California better qualified to know local rate conditions than your humble servant."

Mr. Durbrow dropped the subject. He was willing to credit Los Angeles with one advantage. One of the witnesses told of having an opportunity to do business in the San Joaquin Valley because of the community of interest.

"Yes, I see," commented Mr. Durbrow, "a great deal of that community of interest plan down here and it's a good thing. San Francisco would be better off if she had a little more of it. If we had as much of it you wouldn't be posting signs down here of 1,000,000 population in 1911."

MUST BUY IN NORTH.

Traffic Manager Helpling of the Pacific Light & Power Company, acting in the same capacity for the Smith-Brother Company and the Domestic Gas Company, testified that the power company, doing business in the San Joaquin Valley, is obliged to purchase supplies in Los Angeles because of the freight rates. It would be to their interest, he said, to buy their supplies in Los Angeles, where they sold their products, but they were prohibited from doing so by the freight charges.

T. W. Kane of the Newell, Mathews Company, testified that Los Angeles would be able to compete with San Francisco in the San Joaquin Valley at equal rates because of better service for quick delivery and because of community of interest. Los Angeles is at present excluded by rates.

H. W. Louis of Brownstein, Newmark & Louis, said his firm covers the entire State of California to the Oregon line, but that it labored under the disadvantage of having to equalize freight rates north of Bakersfield. When asked how he did it, he said the firm was determined to get the business and charged the freight discount it made to its advertising accounts. He was advised by railroad counsel that the name of his "longhold" brand had been well chosen.

Among the Los Angeles shippers who testified that they had lost the business north of Bakersfield through equal freight rates or were struggling against the necessity of absorbing the differential were M. O. Cooper of the Cooper, Coats & Casey Dry Goods Company, P. H. Campbell of the Cudahy Packing Company, Winan A. Phelps of the Pacific Crockery Company, C. B. Howell, commercial traveler, Edwin Bird of the Douglas Clay Products Company, S. I. Merrill of the California Industrial Company and Western Gas Engine Company, D. Wiebers, manufacturer of woodware, S. D. Harper, manufacturer of water pipe, Frank H. Miller

WHY?

WHY does the Los Angeles Times print more "Wants," "To Lets," "Lost and Found," and other miscellaneous "Liner" advertisements than any other two Pacific Coast newspapers, and more than the aggregate of all the other Los Angeles newspapers?

WHY do its competitors resort to all sorts of illegitimate and questionable methods to secure this class of advertising?

WHY does the average citizen—the man of good business sense and standing—continue, in the face of importunities, misrepresentation and oftentimes coercive measures pursued by competitors in the unbusinesslike efforts, to regularly put his "Liners" in the Times and to pay much higher rates than the other papers charge?

SOMEBODY'S GAIN.
"What one man loses another man gains." So it has been with the classified advertising business of Los Angeles newspapers.

For instance, The Times printed 375 columns and 13 inches of "Want Ads" during January, February and March, 1910, and in the same period of 1909 it printed 4874 columns and 16 inches, or a gain of 504 columns and 13 inches. The Herald, Examiner and Express show an aggregated loss of 643 columns in this same three months period.

The Times printed 120,096 separate "Liner" announcements during the first three months of 1910, which is just 54,133 more than the aggregate of the four other Los Angeles newspapers combined.

The substantial gain shown by The Times and its increasing lead over all competitors demonstrates the fact that it continues to bring profitable results to advertisers—actual, bona fide results which make them "sell again."

Of Kahn, Beck & Company, A. Goldwater of the Stewart Dawson Shoe Company, L. Lichtenberger of the Los Angeles Saddlery & Findling Company, A. E. Barrett of Stanton Barrett & Company.

When the complainants announced that their evidence was in there was a lively argument as to the further procedure. An effort was made to have the railroad defense put in at Los Angeles, but the decision to go to San Francisco for this part of the hearing and return to Los Angeles for the rebuttal was finally agreed to. The delay to June 2 was made necessary by other cases to be tried by Attorney Durbrow.

JUDGE BANS CORSETS.

He Prefers to Examine the Exhibits in Chambers Rather Than in Open Court.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, April 15.—(Exclusive Dispatch.) With a strict view of the conventions and with becoming modesty, Judge Blanchard in the Supreme Court today declined to permit Louis S. Posner, a lawyer, to unroll a bundle containing half a dozen pairs of corsets in open court, although he did later grant the attorney permission to attach them as an exhibit in the moving papers of the case, to be sent to the chambers of Judge Blanchard, where the merits of the case, if not the corsets, may be studied in private.

"I want to show these corsets," declared Mr. Posner in a motion for an injunction to restrain one corset company from copying the designs and advertising literature of another company, at the same time producing a bundle of stays of a new "dash-reducing" type.

"I desire to offer these to familiarize the court with their lines, as it may not be familiar with them," "Counsel need not trouble himself," suddenly interrupted Judge Blanchard, in what appeared like an uncomfortable moment. "Counsel will take in consideration the years of my experience on the bench, and I will hear the other side."

LABOR FAMINE IN ALASKA.

SEATTLE, April 15.—The rush of gold-seekers from the Tanana district to the recently discovered gold fields has depleted the labor supply of Central Alaska to such an extent that the business men of Fairbanks today cabled to Seattle for relief. The message, which was received by W. H. Parsons, a local banker, was signed by eight of the leading bankers and merchants of Fairbanks.

MUST BUY IN NORTH.

Know why an Advance Credit account will make shopping easy?

Saturday! Always Children's Day

There are so many things we want to show you for the children—so many pretty dresses, so many dashing little coats and hats and ribbons and—well, come see. It's impossible to tell you here, though we give you a few items below.

Dresses

Never so many pretty, fetching styles—never so many unusual designs have crept into a season's supply of children's dresses. Each is artistically made—some of the m buttoning clear down the back, so that ironing is easy.

Dresses

There are dresses of chambray in solid colors, checks and dots; of gingham and fancy percales in a wild riot of color, with unusual ways of trimming. At the prices mentioned below mothers can save on every purchase. There are hundreds of them, too.

Percale and Gingham Dresses, in solid colors, checks, dots \$1.50

Braid and Embroidery Trimmed Dresses of Linen, Percale, etc. \$2.50

Fancy Chambrays and Gingham, beautifully trimmed, for \$3.50

Children's Hats \$2.50

Stunning little hats of Milan, Java and coarse straw; sailor, mushroom and Tam crown shapes, with white and colored trimmings. Fine for school. See them.

Stockings—3 Pairs 50c

Fine French ribbed, best Egyptian Maco-Tarn stockings for girls, and heavy corduroy ribbed of same quality for boys. Reinforced double knees, soles, etc.

Boys' Wash Suits

Sizes 2 to 10 Years \$3

These in Buster Brown and blouse style, with sailor and military collars, are very nifty little suits that will stand all kinds of washing. The materials are of galles, madras, pique and chambray, finished with washable silk emblems on collar and sleeves. Some are plain; some checked effects in light and dark grounds.

Boys' Straw Hats

\$1

Of fine braided Milan in the soft sailor shapes, these hats are the most popular of the season. Finished with blue and black silk bands and good leather sweats.

Boys' Fine Suits

Sizes 8 to 16 Years \$5

We use the word "fine" because it tells the story of the best \$5 suit in the city. In the double breasted coat style, with two pairs of knickerbocker pants. Coats built like those worn by young men—have the same broad shoulders, long cut, with semi-fitting backs. Pants are the full cut hip style, finished with belt loops. Gray, brown and tan mixtures and stripes.

Tailored Suits Rich Silk Dresses

Two Popular Styles

In fabrics that are correct and with faultless tailoring, these suits are fair demonstrations of some of the fine values to be found at The Big White Store.

See These at \$20

There is such a variety of design and trimming in this line that the woman who needs a dozen suits could easily get them at once and yet not have any two alike. The coats, richly lined, are gracefully made and the shawl or notched collars give them the absolutely correct touch. Every popular shade and weave is represented in this showing of women's suits.

Beauties—These at \$35

The coats are mostly 3/4 fitting—32 to 36 inches long and are plain tailored or braid trimmed. Skirts are full cluster plaited. Hard finished, mannish cloths and the latest popular rough weaves are used in these.

One Model Sketched

The diversity of styles represented by these dresses is something to make you wonder. Certainly no prettier, more distinct effects were ever planned by any one.

Many Styles at \$14.95

The new accordion plaited dresses and the graceful tunic models are at their best in these materials. Such silks as messaline, taffetas, pongees and the popular foulards lend themselves beautifully to those styles. Solid colors, pink checks, stripes and changeable effects are predominant. Fancy yokes of net or lace finish them nicely. All the popular spring shades and blacks.

Others at Only \$11.95

Foulards, rajahs, taffetas and pongees in plain colors, changeable effects and pin checks are used here. Tunic and plaited skirts; lace and net yokes; some embroidered fronts.

WE CAN MEET YOUR EVERY SKIRT NEED

This can be said of our skirt department, as well as of the suits. Skirts at every price—of every quality and kind—can be found there. Especially do we call your attention to a line of fine chiffon panamas, voiles and popular worsteds in the staple colors, navy, black and gray, that are priced at the exceptionally low figure of \$7.50

Popular Silks

--Three Good Items

Foulards! Pongees! Cloth of Gold! We hear it over and over—day after day. The most popular of all the spring and summer silks—and the prices? Read these! Can you find their match?

FOULARDS—In both light and dark grounds with polka dots and figures that make them pretty for fancy. Pure silk, 24 inches. 75c

PONGEES—Of rough weave that are 27 to 36 inches wide. An extra good weight with a lustrous finish. Your choice of all colors. \$1

CLOTH OF GOLD—One of the season's newest materials for coat suits and dresses. All pure silk; rich gold finish. An extra weight that will wear. \$1.50

For Women \$3.50

Made Specially for Us

And in the making, the best of leathers with the most expert workmanship is combined. Pumps, Oxfords and boots in all the new leathers are shown in the latest models. Especially do we want to speak of styles for individual suits and dresses. We can fit you out in the most approved fashion in a shoe that will cost you only \$3.50 and yet give the appearance of a \$5 model.

HAMBURGER "SPECIAL" Undermuslin

TRIMMED MILLINERY

At the price we ask for these hats, many women often say it's wise to get one for each suit.

It's our "Special"—that's the reason we are so particular to give such unusual values. We mean to keep up the reputation of the Hamburger hat, and in these models of extreme fashion and elegance we feel that we are doing justice to you and to ourselves. Every new, braided and flower, every new shade of color, is used in its most artistic way.

Underpriced Trimmed Hats \$3.50

Underpriced Millinery Section, Rear Boys' Clothing Department.

Hair braided turbans with maline or braid rosettes or wings; large dress shapes with maline and flower trimming, and many black hats with drapes of silk and wings. These are marvelous values at this price.

Lingerie and Tailored Waists \$2

Correct designing has made these waists of French batiste, mull, lawn and all-over embroidery peculiarly attractive. Some of the fronts are almost a solid mass of embroidery and lace insertions with medallions and panels of Swiss embroidery. Baby Irish and Val. lace.

Sleeves and backs of some are trimmed with cluster pin tucks and insertions; collars and cuffs of lace. Tailored waists, too, of Irish linen; there are stunning models in damask and madras, with plaits just the correct width. These have the laundered collars and cuffs, of course.

In all leathers, the Elko boots and shoes are the classiest we have this season. There is such a variety and the lasts are so comfortable. Every pair gives the service and appearance of regular \$5 grades. Made for us, they are first class in construction, perfect in proportion, a style that meets the latest of Fashion.
